PHILOSOPHY:

I approach counseling as a process in which the client invites me to assist them with issues they are facing. I am influenced by systems theory, and thus approach client's issues in the context of relationships rather than looking at individual's issues as being isolated. This process may involve new ways of thinking, feeling, or behaving as we move from your current scenario to your preferred scenario. As a Licensed Professional Counselor with the Oregon Board of Licensed and Professional Counselors and Therapists, and as a member of the American Counseling Association, I will abide by both codes of ethics.

EDUCATION LEVEL/TRAINING

CONTINUING EDUCATION:

I strongly believe in the need for continuing education, and make it a priority for my professional growth as a counselor. I am required to complete a minimum of 40 clock hours of continuing education in counseling related areas every two years.
